Who that is beefing with gang? We turn that boy to a stain  
I just turned five to a dub, turn a dub to a buck, when I go, just remember the name  
VVS busting all over the chain  
She wanna fuck but I know she insane  
Tell that boy better stay in his lane  
'Cause these bullets be hotter than flames, look  
Really, I feel like all you niggas lame, yeah  
All my Glocks got switches, I could shoot these bitches with no aim  
She think that she cute, I heard that pussy stank  
Gang be wilding out, he pour that Wockhardt in a minute maid  
Tell me how I'm broke, bitch, I been getting paid  
They still smoke with roaches, I told bronem go and get the raid  
All these whips, man, we been feeling like the slaves  
Y'all just had a party on y'all block, huh? That's a bitch parade  
I don't fuck with niggas, tell 'em pick a grave, yeah  
We done shot up everywhere they was, they gotta live in caves  
Chopper got abbreviations, get the K, yeah  
Check on dude who shot at me, I bet he ain't got shit to say  
I just got a Glock off one of them dead homies that's straight from God  
That's a [?] from the block and we done beat the odds  
My bitch way too pretty, she fuck me and now she ride with rods  
Tell that nigga get it back in blood, last nigga, he got robbed

The fuck be up with niggas  
It's the big stepper, the well-known flexer, the girlfriend ass caresser  
Might fuck your bitch in a Tesla, Nissan, or Honda, whatever she want
