

# Champs Élysées

Toosii

Go  
Look how I'm reaching my goals  
Whip it (Whip it)  
This here came right off the stove  
Champs, Elysées, she wanna shop for some clothes  
I told her, "Baby, you know what it is, I'm 'bout to put you in Vogue"

The Rolls or the Maybach, whatever I'm picking, don't matter, she going  
Patek or the AP, I might cop a Richard, I'm tired of the Rollies  
I done seen all of these niggas, I feel like I'm Kobe  
You speak on the greatest, you know what it is, I'm like rest in peace Kobe  
Still got a knife in my back from the ones who ain't one of them ones, I'm already knowing  
That's why I look 'em inside of their eyes whenever they lie 'cause I know where it's going  
I know they wish they could see me, what the youngin' was destined to be, they got caught in the moment  
You never heard of the rabbit and tortoise, lil' nigga, you better know motion is motion  
And we in the deep end right now with the sharks  
I bought the Lamb' truck and I left it parked  
Stars in the roof for whenever it's dark  
She had wanted some Skims, I just gave her my card  
With a body like that I'm like "Oh my God", would have thought she was Kim  
I forgot her name, so I went ahead and bought her the Mercedes Benz

I'm 'bout to put you in Vogue  
Walk in Met Gala, yo' dress on the floor  
F-single karat, it came with a coat  
Horse buechanan on the toes  
Face card valid, I lick on her toes  
Came from my spot, from some hills in the road  
The mansion in the hills, I need a few more  
500 M's, I'm tryna reach the goal  
Whip it (Whip it)  
Picture me whipping that Rolls  
Whip (Whipping)  
Whip that shit out of the bowl  
Bentley, can't do the fishbowl  
Sneaky link keeping it low  
I told her, "Baby you know what it is, I got you, and, no, you can't post"
