

Date Night

Toosii

Late night, yeah
I took her on a date night
It done turned into a late night
8 A.M., I gotta take flight
She know she tell me pull up, then I'm on my way
Drop them panties low and put it on my face
You know that I love it, come and let me taste
Goddamn

Wine for me, come on, baby, slow wine for me
I need you on bad time for me
And I love a boss bitch, so I need on your grind for me
I told baby I could be the ground for me
She got her own
She gon' tell a nigga leave her 'lone
Every time I pull up, got a chrome
Put it to his dome
Baby got me blowin' up her phone
And she put it on me like she grown

Late night, yeah
I took her on a date night
It done turned into a late night
8 A.M., I gotta take flight
She know she tell me pull up, then I'm on my way
Drop them panties low and put it on my face
You know that I love it, come and let me taste
Goddamn

I'ma do it all
She know that she fucked up like me, I tear the draws
When I get inside it, I'ma give it to her raw
I'ma spend whatever for the, like what it cost? What it cost?
What I like about her, baby, she be goin' both ways
Drip her out in double C 'cause she don't like the Dolce
And she throw it straight back, she don't do no chase
She got a fat ass, but she got no waist

Late night, yeah
I took her on a date night
It done turned into a late night
8 A.M., I gotta take flight
She know she tell me pull up, then I'm on my way
Drop them panties low and put it on my face
You know that I love it, come and let me taste
Goddamn
