Fuck a Rolex tryna cop me a Hublo
And they know he if he blow I blow niggas get hit better dip like peacoat

Them niggas pussy I can smell it
We ain't the same on our side
Tell me how you want it just pick yo opponent we all gon' do that
You think if you shoot at us that a nigga ain't gon shoot back
I just copped a two door convertible push my roof back
They said what's after the storm so you know I had to bring the coupe back
We turn yo block to where we move at
White tees and we rock durags
Contemplating yo next move while I ran up a new bag
I don't fuck with niggas tell bro don't bring around no new cats
And I spent ten for the earrings kept falling out I needed screw backs
