D-O-N she know I been a don
A room session sipping Julio
Brought her to the studio
Just for her to break my heart and play me like a Yu-Gi-Oh

Backseat, double R feel like outer space
She know I'ma real one she never out of place
I... I... I
And the stars align in the Wraith
Backseat, double R feel like outer space
She know I'ma real one she never out of place
Yeah
And she know ain't another nigga fucking with me
Ain't another nigga that mean nothing to me
Used to chase the money now she know the money coming to me
Like me
