

I Do

Toosii

I'ma stand on business when it come to you
I do anything to make you feel comfortable
Yeah, your last didn't know how to handle you
But I do
I do, I do

I'ma stand on ten, lemme show you how
Yeah, you had a couple lovers, but it's over now
Ain't gon' find nobody that's gon' hold you down
Like I do
I do, I do
I do
I do, I do
I do
I do, I do

I'll walk on water for you, baby
Right across the ocean
I ain't with the small talk
You are my devotion
Girl, if you ain't perfect, I know you the closest
I'll part the sea for my baby like I'm Moses, yeah

Come fall in love wit' a G
And when I come pick you up, it's a S550
All-black on my steering wheel, I might pass you the keys
And you ain't gotta bring a thing 'cause everything on me

I never been so in love
No better world, no, I'm not giving it up

I'ma stand on business when it come to you
I do anything to make you feel comfortable
Yeah, your last didn't know how to handle you
But I do
I do, I do

I'ma stand on ten, lemme show you how
Yeah, you had a couple lovers, but it's over now
Ain't gon' find nobody that's gon' hold you down
Like I do
I do, I do
I do
I do, I do
I do
I do
I do, I do

I will travel any distance, I will cross the sea
With you, it ain't no other place I'd rather be
Got everything I want, got everything I need
You're my boo
My boo, my boo
If we disagree, it ain't no argument
'Cause baby, you're my angel, you were heaven-sent
Don't want nobody else, baby, it's evident
It's just you, and only you

I never been so in love
Never been so in love
No matter what
No matter what
Not giving it up
Not giving it up, oh

I'ma stand on business when it come to you
Yeah
I do anything to make you feel comfortable
Oh, yeah
Your last didn't know how to handle you
But I do
I do
I do, I do

I'ma stand on ten, lemme show you how
Yeah, you had a couple lovers, but it's over now
Ain't gon' find nobody that's gon' hold you down
Like I do
I do, I do

I do
I do, I do
I do
I do
I do, I do
