Toosii

(MFoss, you dripping on this motherfucker)
(Ant Chamberlain, that's a hundred points)
I know how these hoes do
Buy a new Bentley coupe, bae, I'ma show you
You could have a new life, I just got a new wife
In the hole with the gangstas, I'm tryna shoot dice

Amiri denim, my shoes tied
Told her look inside the pudding, that's where the truth lie
Young nigga too fly, AMG, that coupe ride
I don't never talk a lot so I can't say how dude died
IG model, she too live
Tell the story, it be two sides
My side or my side, I'll let you decide
Only like blues, I don't change on 'em
V8, switch lanes on 'em
Push a button, I'll lose the brain on 'em

Only be with gang members
How you my brother and then you changed, nigga?
I know your head lost
Flip a coin, we on your tail, rip your head off
All dogs go to Heaven, you a dead dog
Say you a hunnid but you counterfeit
You was counting favors, how the fuck when I wasn't counting shit?
Trip when I'm around your bitch like I'ma fuck her
That pussy must be good or you a sucker
If you gang, you know I love you, I won't take nothing from you
'Cause you know this shit be deeper than the gang, you my brother
And the bitch that I'm with now, I think I love her
I'd never put her down so they could judge her

Amiri denim, my shoes tied
Told her look inside the pudding, that's where the truth lie
Young nigga too fly, AMG, that coupe ride
I don't never talk a lot so I can't say how dude died

Only like blues, I don't change on 'em
V8, switch lanes on 'em
Push a button, I'll lose the brain on 'em

Push a button, I'll lose the brain on 'em
And I'm still with the same niggas, I won't change on 'em, yeah
If it's smoke then I put gang on 'em
You the type to go down, prolly put the blame on 'em
Know she a treeshy, I'ma probably fuck next 'cause she easy
Smooth nigga, no Jheri curls like Eazy
I be where the B's be, but still salute a young nigga when you see me
'Cause I'm 2x and them other niggas wanna be me
Stay down if you the gang
If you my ho, don't ever change, uh, uh
'Cause I'm as real as they come
I'm the same nigga when you see me, with or without a gun
