

# Liquor Bottles

Toosii

Look  
You different from who you use to be  
I knew Eve well  
She sang too  
Her voice was was like Ari Lennox from DreamVille  
Like  
Melodies  
On  
Melodies  
As she sang sang  
Head facing the ground  
Cause my idols is one who gang bangs  
Now siblings  
Siblings  
Ya'll ain't too  
Civilized  
Yes real does prevail  
And my real  
Will someday be televised  
Now who that  
Young cat  
With the scarf  
And a head like mega mind  
Yes I'm wise  
But my auntie says my saggy pants is ill advised  
Imprudent bastard  
What I'm labeled for my color tone and  
My shirts with rest in peace or  
Fuck 12 and bring my brothers home  
Flabbergasted  
Cause I've found alone isn't alone  
But my liquor bottles is empty  
So my home is in my home

Liquor bottles empty  
Liquor bottles empty  
I been way too stressed out so yo best bet  
Is not to tempt me  
Liquor bottles empty  
Liquor bottles empty  
Drown myself inside the tub  
As I vision I'm in a bentley

Liquor bottles empty  
Liquor bottles empty  
I been way too stressed out so yo best bet  
Is not to tempt me  
Liquor bottles empty  
Liquor bottles empty  
Drown myself inside the tub  
As I vision I'm in a bentley

Strange fruits outside my windows  
Darkened skies in the afternoon  
Flowers bloom  
But they die from the  
Stench of strange fruit

And I can't bare the smell  
So I crawl inside my bed  
And I plug my ears  
While voices come running all through head  
I've been misguided by a demon  
He made me feel alright  
He told me he'd never leave me  
And he'd stay by my side  
If I could talk to him again  
Id ask him why he lied  
What was his fuckin reason  
For always making my mama cry  
And I say " smile mama "  
But she don't listen  
I get it  
Since you left us a part of her has been missing  
I get it  
I guess its all just apart of this world we live in  
And since I gotta stay strong  
I act like I truly get it  
And I don't  
Yea  
And I wanna break down  
Mama finally taking vacation  
She on a break now  
And I face all of problems  
With a ass up and a face down  
While mama is in the room  
On the verge of a break down  
Its hard to say  
Puberty got the best of me  
Active sexually  
Hormones loving to mess with me  
Chickens texting me talkin bout how they F' with me  
Shorties out here burning  
Half of em got an STD  
Its real out here  
But you don't gotta be no genuis to understand  
In the this world  
Everything happens for a reason  
So truthfully  
When I speak  
I don't speak cause I feel like speaking  
I wrote this just to let you know pops  
You were one of my demons

Liquor bottles empty  
Liquor bottles empty  
I been way too stressed out so yo best bet  
Is not to tempt me  
Liquor bottles empty  
Liquor bottles empty  
Drown myself inside the tub  
As I vision I'm in a bentley

Liquor bottles empty  
Liquor bottles empty  
I been way too stressed out so yo best bet  
Is not to tempt me  
Liquor bottles empty  
Liquor bottles empty  
Drown myself inside the tub  
As I vision I'm in a bentley

Liquor bottles empty  
Liquor bottles empty  
I been way too stressed out so yo best bet  
Is not to tempt me  
Liquor bottles empty
