

## Magic Potion

Toosii

I don't know what they on but I'm outside, we got motion  
Drop a four inside a liter, that's the magic potion  
When she drop down to her knees it get so slick like she use lotion  
Yeah, and a nigga end up diving in her ocean  
I know that she one of one and she the reason why I'm coping  
It feel like I took a bath after we fuck she leave me soaking  
She know she the one I need after she leave she leave me open  
Yeah, and I love her 'cause that pussy smell like roses

Put a pic up on the gram she throw the gang up when she posing  
And I slide any other time she don't give a damn about she don't notice  
I told baby if she was a flower she'd probably be a lotus  
Yeah, and I'm drunk but that pussy keep me rollin'  
Sticks up  
Pull up on her in a pickup  
Nigga play we put his bitch up  
And I ain't got time for no hiccups  
Blicked up  
Ride around she know I'm blicked up  
Can't lack 'cause this shit rough  
And these niggas soft but play big tough  
Gunpowder residue all on her hands gotta stay souled up  
Gotta keep baby close 'cause she the one who keep me focused  
I remember 2016 we was riding around Ford Focus  
And I got a few hoes but baby she the closest

I don't know what they on but I'm outside, we got motion  
Drop a four inside a liter, that's the magic potion  
When she drop down to her knees it get so slick like she use lotion
