"Where the fuck did you get these drugs from Naujour?"
I say
"Granny why you trippin yo? Big homie on the block gave 'em to me. Goddamn g

I can buy
Mom's a new house
You a new car
Maybe me one too
So I ain't gotta walk
Now you wanna question the things that I bought
Like I don't remember the things that you taught
Mhm
God damn God damn
I know that you don't understand
And now its back to the block
With my stash in my sock and
Paraphernal (paraphernalia) in my pants
Man oh man
Pray to the lord
I'm trying to empty my shop
I just ask that the lord be my savior
And pray that my enemies don't come and let off no shots
Cause granny done told me
I'm new to the ghetto
I'm new to the ghetto
My foot on the pedal
I'm useless as ever
Cause I am not ghetto
Now I am in trouble
I'm food to the ghetto

I'm new to the ghetto
New to the ghetto
I'm new to the ghetto
New to the ghetto

New to the ghetto
He's new to ghetto
His foot on the pedal
Useless as ever
Cause he is not ghetto
Now he is in trouble
He's food to the ghetto
He's new to the ghetto
New to the ghetto
His foot on the pedal
Useless as ever
Cause he is not ghetto
Now he is in trouble

Look
Wait hold on
Hold on Mr.Man
That's the life you pursue
That's the life that you live
If it ain't comin back on yo ass
Then believe when I say
That shit gone come back on yo kid
Now you rather be
Destined for greatness or headed for worse
That's like
Asking for blessings but getting a curse
Whatever you pick just make sure that you straight
Leave yo pride to the side and yo pain in the dirt
Mhm
Energy energy
This the ghetto
My newly born centipede
Back home
Ride with flats on
And a hat on
Home of the statue of liberty
Tell me you in or you out?
Just make sure if you in
When you in ain't no runnin yo mouth
If you do be prepared
For the sentence of having a couple of cats to come and run through yo house
Home of the ghetto
Home of no rebels just high
Ass stupidity levels
And niggas who too quick to snitch
But don't wanna take blame for the shit that done go you in trouble
Lajan
I'm home

Times up
You get it?
Feild full of haitians
I'm on
My own
My lone
You get it?
Can't take the pain
And you damn sure
Ain't taking no heat
So get off of yo ass
And get up on yo feet
And take a stand
While you care cause the ghetto ain't worth it
Unless you got plans
On becoming a man
Damn
