

Pallets

Toosii

I been sleeping on Pallets
Ain't got nowhere to sleep
Mama can't even pay they bills
Ain't got no where to eat
Livin out in that SUV
That's where the rent was cheap
Niggas in school clowning my clothes

Everything's ok I'm ok
And imma be alright I'm alright
Ain't no need to text me no
Please just leave alone
Please don't call my phone I'm alright

Everything's ok I'm ok
And imma be alright I'm alright
Ain't no need to text me no
Please just leave alone
Please don't call my phone I'm alright

I been sleeping on pallets
Ain't got nowhere to sleep
Mama can't even pay the bills
Ain't got nowhere to eat
Living out in that SUV
That's where the rent was cheap
Niggas in school clowning my clothes
But now we play for keeps
But always been that nigga
Yea always been that nigga
Papa high off crack
To make it worse
My daddy drunk off liquor
He had no remorse
Yea
My biggest force in the field with the cotton pickers
Not cotton pickers
But land of the lonely man
Where I'm calling my brothers niggas
You ain't the sane
Something fucked up in yo brain
You 17 but you the hottest in yo city
Ain't no way
The other week one of my niggas bitches
Snatched one of my chains
I worked so hard it
But fuck it
She can keep it
That bitch lame
Been through so much
But I ain't stressing
Percocets to fix my pain
And I still ain't light no swisher
Still ain't light no swisher
Sold some weed to buy some kicks
Just so I can take some pictures and
They still don't know my story

So therefore please don't worry and
Tell that bitch that stole my chain
That I got me some new jewelry
Yea

Everything's ok I'm ok
And imma be alright I'm alright
Ain't no need to text me no
Please just leave alone
Please don't call my phone I'm alright

Everything's ok I'm ok
And imma be alright I'm alright
Ain't no need to text me no
Please just leave alone
Please don't call my phone I'm alright

All of this paparazzi
Got you forgetting yo damn name

Now we waiting on your success
So your blessings can pass down
I wish I would've had your spirit
My spirit way too generic
And since yo daddy be rapping

How come we don't never kick it
You ain't use to get the chicks
Now you calling these women bitches
You really done changed
This fame getting to your head
You really think you the shit
Cause yo shows is costing a leg
Yo actions was contradictions
For everything that you said
I remember when we was close
You was daedae and I was craig
Now I
Go to school and
I laugh at the table
Cause everything that you did well me
I was unable
To buy that life that you did
I was unable to
Fuck that bitch that you did

Buy that car you was in
But then I thought about it

Please just leave alone

Please don't call my phone I'm alright
