

Right Now

Toosii

I just gotta warm up
(Yea, Uh)

Said I need it right now
You cut all of the lights out
You could see me like 3D
Hit bro on a trap phone
I know he get a pack gone
He move shit like it's Ouija
I do shit with a mask on like fuck it let's get this task on know these niggas can't see me
And I rock Chanel so much, double C's would've thought
I was crip but these niggas wanna be me
Burberry I ain't having no baby though
She wanna fuck but I know she a crazy hoe
Give her dick know I probably could drive her Miss Daisy though
Born in 2000 I'm dope like the 80's though
Pussy gotta be bald like Common head
Give me head first bitch I thought that was common sense
For I slide in a fish bowl I'll cop a rental hit the opps block bet we'll slide with tint

Hit the opp block bet we'll slide with tint
They done slid once they ain't been sliding since
Good pussy so I might just slide the Benz
