Lately, I been laid up, can't cake up
Put a Drac' up, somewhere they won't find it (Yeah)
And we don't ever talk much on the phone, I'm on the road
'Cause I'm always reminded (Yeah)
On where we could've been, I still'll spin, I ain't got, friend
s
I was hopin' you'll still talk to me 'cause I still want you to
win
And my first Glock was a Gen' 4, you know that's my favorite Ge
n'
I'm still tryna better I, love you, but, I'm focused on the let
ter, "I"
Take the blame if when I know that it's never I
Love you, but, I can't commit
No dog hoes, but, you ain't a bitch
I got my heart broke in many pieces, I'm still takin' risks
Don't want you to leave, but, I won't say I won't you, take a h
int

Don't wanna say, girl, won't you take a hint?
You ain't got to worry 'cause I'm rich now, I could pay the ren

Baby, don't you hold me, I want you to hold me (Yeah)
