

She Doesn't Mind

Toosii

She's a woman, and she loves Rodeo
She loves to party, hang with friends, and drink añejo
She goes out at daytime and wears her day clothes
But when the night falls, she's a demon and an angel

Don't ever lie to her
'Cause she doesn't mind honesty, though it hurts

'Cause she just want a lime wit' tequila on the rocks
I know what she need and what she need, I don't stop
I got everything and that's the reason I'm on top
When I get inside it, I'ma leave it in her spot
So deep inside
Though it hurts, yeah
Come and ride
Ride on top till it hurts
She like whips that's fast wit' the paint brand new
Lamborghini Urus and the paint matte blue
When she get inside, it do the thing, go vroom
You can hold my hand, baby, what you wanna do?
Let's take a ride
Ride wit' me till it hurts
'Cause you never lied
So lie wit' me till it hurts

Don't ever lie to her
'Cause she doesn't mind honesty, though it hurts
