Tear it up  
Tear it up

Mother Mary failed me so  
I changed my mind  
Tell me something I don't know  
I changed my mind  
Baby won't you bite my lip  
I changed my mind  
Lover rip right through my skin

Sing it with soul  
Get in the mood  
Just like you wanted it all  
Hips rock and roll  
Intimate waterfall

Tear it up  
Tear it up

Magic mirror on that wall  
I changed my mind  
Who's the saddest of them all  
I changed my mind

Sing it with soul  
Get in the mood  
Just like you wanted it all  
Hips rock and roll  
Intimate waterfall

Tear it up  
Tear it up

Drag your nails across my world  
Lean into me girl for the sake of all our riches and pearls

Sing it with soul  
Get in the mood  
Just like you wanted it all  
Hips rock and roll  
Intimate waterfall
