

I AM

Toothgrinder

Don't tell me that
What is this all about?
Don't let them know
What is it all about?

Look into myself, found
Everything I need now
Everything and pink clouds
Show me how to

Give it my all
Bend with the fall
Tear down my wall
(Help me to)
Fly with the birds
Stay with the herd
Choose my own words
(Teach me to)
Stand as a man
Tall as I can
Honor thy hand
(I will make peace with all I am)

Don't hand me this
Gimme a chance to help
Don't let me live
A lie that will all fall down

Look into my soul, find
All of me has resigned
Resenting all of mankind
Show me how to

Give it my all
Bend with the fall
Tear down my wall
(Help me to)
Fly with the birds
Stay with the herd
Choose my own words
(Teach me to)
Stand as a man
Tall as I can
Honor thy hand
(I will make peace with all I am)

Look into myself, found
Everything I need now
Everything and pink clouds
Love will conquer all
Love will conquer all
Love will conquer all

Give it my all
Bend with the fall
Tear down my wall
(Help me to)

Fly with the birds
Stay with the herd
Choose my own words
(Teach me to)
Stand as a man
Tall as I can
Honor thy hand
(I will make peace with all I am)
