

Chatty Chatty

Toots and The Maytals

I told you a little secret that you should not tell no one
Why did you talk? You talk, you talk
I told you a little secret that you should not tell no one
And you talk, you talk, you talk
Girl, you chatty chatty, chatty chatty, chatty chatty
I said you chatty chatty, chatty chatty, chatty chatty
Lord, Lord said you chatty chatty
Chatty chatty, chatty chatty too much
You talk about people that you don't know
Why you talk? Talk and talk and talk?
You talk about things you don't know how
Why you talk, you talk, you talk, you talk
I said you chatty chatty, chatty chatty, chatty chatty
I said you chatty chatty, chatty chatty, chatty chatty
Oh yeah, chatty chatty chatty, chatty chatty too much
You showed me the wrong direction
Give me a hard reception
And you talk, you talk, you talk
You showed me the wrong direction
Give me a bad reception
And you talk because you talk
I told you a little secret that you should not tell no one
Why did you talk? You talk, you talk
I told you a little secret that you should not tell no one
And you talk, you talk, you talk
Girl, you chatty chatty, chatty chatty
I said one more time, you chatty chatty
Oh, you chatty chatty, chatty chatty, chatty too much
Let me tell you, girl
You chatty chatty, chatty chatty, chatty chatty
I said you chatty chatty, chatty
Yeah, yeah, yeah, yeah, yeah, chatty chatty
Chatty chatty, chatty chatty too much
Everybody sing this song with me
You chatty, let me tell you, my Lord

And you chatty chatty, chatty too much
I said you chatty chatty, chatty chatty
One more time you chatty chatty, chatty
Chat chat chat too much
I said one more time
You chatty chatty, chatty chatty
Chat chat chat too much, yeah
