

It Was Written Down

Toots and The Maytals

It was written down there, by those prophets.
It was written down there, on the ground.
It was written down there, by those prophets.
It was written down there, on the ground.

One love, one heart.
One eternity, one joy.
Come sing a song with me and do your harmony.
Go sing a song with me and do your harmony.

My father sent me, to warn the nation,
It was written down there from Creation.
My father sent me, to warn the nation,
It was written down there from Creation.

One love, one heart.
One eternity, one joy.
Come sing a song with me and do your harmony.
Go sing a song with me and do your harmony, yeah!

(..)

It was written down there, by those prophets.
It was written down there, on the ground.
It was written down there, by those prophets.
It was written down there, on the ground.

One love, one heart.
One eternity, one joy.
Come sing a song with me and do your harmony.
Go sing a song with me and do your harmony, yeah!

Na, na, na, na..
