

# My Love Is so Strong

Toots and The Maytals

Every day you say  
That you wish if I could go with you  
Every night you keep on telling me  
That you wish if I could follow you  
Every time you keep on worrying worrying me  
That you wish if I could go with you  
But it's a good thing I didn't follow you  
Just to do those funny things you wanted me to do  
Honey you tried to bend my love  
You made a fool of me  
One time I know is not the same  
When we used to play in the sand  
We used to hold each other's hand  
Remember we used to play in the pond  
So all the good looks that you had would not break my heart  
My old heart still remains the same  
Honey you tried to bend my love  
You made a fool of me  
I said my love is so strong  
And my mind is unchangable  
you take a look at my face  
You will see that my future's still bright  
Bright as the sun in the sky  
Honey you're sure to see me shine  
Shine as the stars in the morning  
The pattern in the sky  
I said my love is so strong  
And my mind is unchangable  
You take a good look at my face  
You will see that my future is still bright  
Bright as the stars in the sky  
Honey you're sure to see me shine  
Shine as the morning stars
