Revelation  
Annihilation

Stepping out  
Just a jaunt along the wayside  
When you're my alibi (Alibi)  
How am I expected to hide?  
Stepping stone  
Just a hop away, my second home  
When you're my reason why (Reason why)  
How am I expected to deny?

For your own good  
Voices from on high that knew you would  
Not 'til I'm done

Revelation

Apocalypse  
I see myself, I'm chasing it  
Red words on your lips  
Truth is I'm just barely getting by  
When I lose control  
Will I surface and know  
That I've reached the end?  
All the greatest men and women die, my friend

Revelation  
Not 'til I'm done  
Annihilation  
I will not cry
