Tops

Too much fun
The night's too young
With your hand around my neck
I'm counting my regrets
Pissing in the wind
Swimming downstream
Like a whirlwind
Chlorine
Chlorine

Filling my cup with so much empty love
Just the way you are
Gassing me up in an empty bar
Filling my cup with so much empty love
Just the way you are
Just the way you are

Pass the buck
I'm messing it up
I'm in the water soaking wet
I got no idea what's next
Bottom of the pool picking up speed
Like a whirlwind
Chlorine
Chlorine

Filling my cup with so much empty love
Just the way you are
Gassing me up in an empty bar
Filling my cup with so much empty love
Just the way you are
Just the way you are

Stop making it seem like just the two of us
It's enough soaking up the poison just because

Stop
Filling my cup with so much empty love
Just the way you are
Gassing me up in an empty bar
Filling my cup with so much empty love
Just the way you are
Just the way you are

Gassing me up in an empty bar
Filling my cup with so much empty love
Just the way you are
Just the way you are

Too much fun
The night's too young
With your hand around my neck
I'm counting my regrets
Pissing in the wind
