You could have passed
Onor
Moved away
Truth hurt
People part
You're not my only friend

Never stops
Never ends
How long
Till then?
You're not my only friend

Hey you didn't have to go
Hey you didn't have to go
Hey you didn't have to go

Have we
Been through
Everything
Meant to?
Truth hurt
People part
You're not my only friend

Everyone I love
Is so
Far away
You're not my only friend

Hey you didn't have to go
Hey you didn't have to go
Hey you didn't have to go
Hey you didn't have to go
Hey you didn't have to go
Hey you didn't have to go away
