

## Direct Sunlight

Tops

Promise me we'll always be together  
We make sense in all types of weather  
Take a dive, jump right in  
Even if you drown

Get a load of that sunshine in your life  
They play shadow games  
I play with the light  
Promise me, we'll always be

Overhead, underneath you see it  
Either side of what you thought you needed  
Dime for dime, blowing through the seasons  
Tell me when you're high

Get a load of that sunshine in your life  
They play shadow games  
I play with the light  
Promise me, we'll always be  
Kiss me tight (Sunshine)  
They play shadow games  
I play with the light  
They play shadow games

Sunshine  
Light
