

I Feel Alive

Tops

When I saw you wanted to spend the night
With someone else at home I knew it wasn't right

I feel alive looking in your eyes

Conversation that I did not like
Faces in the street I wish I didn't recognize

I feel alive looking in your eyes
I feel alive looking in your eyes

Lost nights, trying to remember
When I'm in your arms I can finally surrender

I feel alive looking in your eyes
I feel alive looking in your eyes

Looking in your eyes
Looking in your eyes
Looking in your eyes
