

## Marigold & Gray

Tops

You feel yourself turning into someone  
That you don't even know  
You don't wanna be alone  
With a stranger in your thoughts  
But you've got no one to follow you home  
Just going for a walk

Merry-go-round  
Miracle to blame  
Flowers on the ground  
Marigold and gray  
I wanted to lay down  
In your place

I'm not afraid of changes  
'Cause I don't know what the changes will prove  
When it's time for me to leave  
I hope that you'll be different  
So that I can fall back to you  
Just going for a walk

Merry-go-round  
Merry-go-round  
Merry-go-round  
Merry-go-round  
I don't wanna set the brightness  
(Merry-go-round)  
You don't wanna light the way  
(Merry-go-round)  
The artificial sweetener  
(Merry-go-round)  
The sugar at the gate

Merry-go-round  
Miracle to play  
Flowers on the ground  
Marigold and gray  
I wanted to lay down  
In your place  
I wanted to lay down  
In your place
