

Wheels at Night

Tops

Wheels at night

Etched in stone
Separate names
This wasn't what I signed up for
Place the blame at the core

Don't say you're sentimental
Heart in hands, hands of time
Nothing left in here, but your clothes next to mine

In no condition
I'm done wishing
Souvenirs thrown to the lions
Tunnel vision
Without a mission
Got no business behind
Wheels at night

Cars drive home
Separate lanes
Didn't wanna ride alone
I just got nowhere left to go

Don't call fate accidental
Heart in hands, hands of time
I wouldn't need these dreams if I had you by my side

In no condition
I'm done wishing
Souvenirs thrown to the lions
Tunnel vision
Without a mission
Got no business behind
Wheels at night

In no condition
I'm done wishing
Souvenirs thrown to the lions
Tunnel vision
Without a mission
Got no business behind
Wheels at night
