

Surviving The Suburbs

Tor Miller

I've got a girlfriend, but it ain't much more than
Someone to hang out with from time to time
And we like to drive around cause it beats being at home
And find different ways into town
There's only so many ways to go

And on the dashboard I crush an Adderall
We smoke a blunt outside the stripmall
And in the haze of a sleepless night
We drive and we drive and we drive but

We can't get out
We can't get out of here
We can't get out
We can't get out of here

And I've got a few friends, don't have much in common
And would still I still see them without the dimes
Just trying to survive, it's harder than you know to feel alive
But it's hard when time moves so slow

And on the dashboard I crush an Adderall
We smoke a blunt outside the stripmall
And in the haze of a sleepless night
We drive and we drive and we drive but

We can't get out
We can't get out of here
We can't get out
We can't get out of here

Cause I'm young, broke and stoned
I am broke and alone, scared of myself
I'm trying to cope with the world outside my phone

We can't get out
We can't get out of here
We can't get out
We can't get out of here
We can't get out
We can't get out of here
We can't get out
We can't get out of here

And on the dashboard I crush an Adderall
We smoke a blunt outside the stripmall
