

# We Ain't Ready

Tor Miller

You want me to be the daddy  
We're both just kids  
No, no mortality  
Wanna move us all in to the valley  
And grow up quick  
And start a family

But every night since we let it slip  
I keep on running, keep on running  
Out of the suburbs and off of the grid  
I keep on running, keep on running  
So no one can find me

We ain't ready  
We ain't ready to start a home  
No, we ain't ready  
Let me call this what you want

It was one late night  
Our breath was laced with whiskey fire  
Took that chance  
Then we tripped the wire  
But it ain't right  
We're way too young to feel so tired  
Took that chance  
Knowing that the cost was higher

I see you running at my doorstep  
Raising hell  
My folks don't know yet  
We can't just move into the basement  
Without paying rent  
Not on this pay check

Every night since we let it slip  
I keep on running, keep on running  
Out of the suburbs and off of the grid  
I keep on running, keep on running  
Till no one can find me

But we ain't ready  
We ain't ready to start a home  
No, we ain't ready  
Let me call this what you want

It was one late night  
Our breath was laced with whiskey fire  
Took that chance  
Then we tripped the wire  
But it ain't right  
We're way too young to feel so tired  
Took that chance  
Knowing that the cost was higher

I'm more scared every day  
For what comes next  
And what people might say

But this marks the first day  
Of the end of our lives  
But it won't change the way  
I feel about you  
I wanna run away without you

All along, thought I was good natured  
And stayed but now I know  
I'm just a coward, baby  
I ain't ready  
I ain't ready to start a home  
No, I ain't ready  
To raise one of my own
