

## What's On Your Mind?

Tor Miller

I'm digging up all of my family secrets  
Going on and on about all of my innermost demons  
And I look at you and I can tell you're horrified  
"I'm sorry did I freak you out?"  
And with a nervous smile you say, "Don't worry it's fine"

What's on your mind? Yeah  
All I wanna do is crawl up inside it  
What's on your mind? Yeah  
All I wanna do is see what you're hiding

Asked my impression of impressionist art  
I look at it and I don't even know where I should start  
I wanna say the right thing  
I wanna say the right thing  
"Something in her smile has meaning behind it"

What's on your mind? Yeah  
All I wanna do is crawl up inside it  
What's on your mind? Yeah  
All I wanna do is see what you're hiding

(Mind, Mind)  
What's on your  
(Mind, Mind)  
What's on your  
(Mind, Mind)  
What's on your  
(Mind, Mind)

What's on your mind? Yeah  
All I wanna do is crawl up inside it  
What's on your mind? Yeah  
All I wanna do is see what you're hiding
