

Changes Come

Torche

I'm alright
The kid isn't gone
Your will is strong
Stay up till dawn
Climbing high
But fear that changes come
Last chance to say goodbye
And we know it's not for long

I'm alright
The kid isn't gone
Your will is strong
Stay up till dawn
Climbing high
But fear that change has come
Last chance to say goodbye
And we know it won't be long
