

## Loose Men

Torche

Look up  
Shades down  
Cheating the mind  
Laughing at ourselves  
Loose hits in  
Sheltered bins  
Hide the signs  
A corner line

The best Gin  
From northern men  
Be the guide  
Right by your side

Head on  
Wide open  
Leading the blind  
Fascination hell  
Ride plastic savages  
End in three's  
Parts mannequin
