

No Servants

Torche

Shots can take your lightning soldiers
Hide the season's last guard
Don't forget you named it so well
This is a lesson to all

Turning bone breaks into powder
Hidden message found
Moving rooms and judging cowards
Give into the sound

Try now
And be bold
The servant is gone

Lost it tales in ashes over
Complete mission
Erasing nightmare make it colder
It's the truth that burns

Try now
And be bold
The servant is gone

Try now
And be bold
The servant is gone
