

Slide

Torche

Knocked down and taken over
No sound before that surprise
This snake is best in motion
Move into a place to hide

The way we slide
Soon we'll be eating alive

Heart rate keeps getting faster
Warm venom soon to rise
Keep begging for the poison
And get ready to close your eyes

The way we slide
Soon we'll be eating alive
And we slide

The way we slide
Soon we'll be eating alive
