

Submission

Torche

Give up everything and incinerate your soul
No challenge if you never want to go
Replaying messages, admission was your choice
Be selfless, shameless, bullied by a voice

There's no mercy on the mind
Pain for pleasure, you're alive
Alive
Alive

Twisting in the nature of a beast
You volunteered, so crazy for the heat
The heat

There's no mercy on the mind
Pain for pleasure, you're alive
Alive
Alive
Alive
Alive
