

Without a Sound

Torche

Bait for this shower
Title undertow
Postponed
Then get high
With no below
Glass cage
In rail
Sends apology
Headroom for few
Barely left wing

Slipping through the crack
The curse is coming back

Subject to change
Along an open page
Peacekeeper sits upon
The power range
Get up, hit the ground
Arrived without a sound
We'll move commotion
To homeland

Slipping through the crack
The curse is coming back
