

Dragon

Tori Amos

Don't tell me
A woman did this to you
Candy lies
Candy lies
Candy lies

You touched my hand
I felt a force
You called it dark
But now I'm not so sure

Just stay awhile
Stay awhile
Stay awhile

Why don't you
Stay awhile
Stay awhile

Stay awhile

Cause your wild card Boy needs playing
Don't believe the lie
Your Dragon needs slaying
Won't you lay here with me
And I will bring
Kisses for the beast

Lay here with me
Here with me

Don't tell me
A woman did this to you
Candy lies
Candy lies
Candy lies

When I look back over
Documents and pages
Ancient savageries

Christened those inflated.
Now it has come to light
The Gods they have slipped up

They forgot about the power
Of a woman's love
Just stay a while
Stay awhile

Stay awhile
Why don't you
Stay awhile
Stay awhile

Stay awhile
Cause your wild card Boy needs playing

Don't believe the lie
Your Dragon needs slaying

Won't you lay here with me
And I will bring
Kisses for the beast
Lay here with me
Here with me

Don't tell me
A woman did this to you

Candy lies
Candy lies
Candy lies
Candy lies
Forgive my
Candy lies
