

## Programmable Soda

Tori Amos

Think of me as programmable soda  
Too much cherry?  
Baby then you can just add cola  
Think of me as programmable soda

'Cause you can  
Can be a cruel fella  
So okay, then I just back off  
The vanilla

Think of me as programmable soda  
'cause I've come  
I've come to accept that  
For lovelies you are a fanatic  
But I can't  
I can't let that throw me  
Into a genital panic

Think of me as programmable soda  
Too much cherry?  
Baby then you can just add cola  
Think of me as programmable soda  
When you think  
And boy when you drink  
When you think of me
