Tori Amos

For those on the Right
You need to build a bridge
For those on the Left
You must build a bridge
For those in Washington
There is only one question

Is Stalin on your shoulder
Stalin on your shoulder
As he was with his composers

Time to wake
Activate our Native Invader
Warriors of the Earth
It's getting late now
Time to face
Those who take
More and more
From our Great Mother
The Mother we call home

Is Stalin on your shoulder
