

Upside Down 2

Tori Amos

Watch the boats go by
And someone else's life
Those smiling faces
We've worn them before
Watch the boats go by
No that is not our life
Not today
Not today
Some things work out that way

I'm not gonna be angry
Lately seems like everything
Is falling down
All around
Us
We gotta turn that frown
We gotta turn that frown
Upside Down

Those smiling faces
We've worn them before
Watch the boats go by
No that is not our life
Not today
Not today
Some things work out that way

I'm not gonna be angry
Lately seems like everything
Is falling down
All around
Us

We gotta turn that frown
We gotta turn that frown
Upside Down
Upside Down
