

## Actress

Tori Kelly

She don't smile too much  
But when she does it's just enough to make you smile back  
And she don't cry too much  
But when she does it's just enough to make you feel bad

She got dreams to be seen on screens by everyone  
But underneath truly just wants to be known by anyone  
She's in the fast lane making big waves so there's no time for  
her heart  
Can't slow down now

She said it's easier to be an actress  
Call me insane or call me an addict  
But like champagne when it touches my lips  
I can choose who I wanna be  
Yeah it's easier to be an actress  
Fresh tear stains I found on the mattress  
Hide my pain I can never admit  
That I'm sick of all this  
But nuh uh it's easier to be an actress

She don't fall in love  
Cause that would mean gotta let em see behind the mask  
And she don't know enough  
About how beautiful she is  
Without all the magic tricks that she's hiding

She got dreams to be seen on screens by everyone  
But underneath truly just wants to be close to anyone  
But you gotta fake it till you make it  
So there's no time to be real  
Can't slow down now

She said it's easier to be an actress  
Call me insane or call me an addict  
But like champagne when it touches my lips  
I can choose who I wanna be  
Yeah it's easier to be an actress  
Fresh tear stains I found on the mattress  
Hide my pain I can never admit  
That I'm sick of all this  
But nuh uh it's easier to be an actress

But nuh uh it's easier to be an actress  
It's easier...
