Hair I toss back behind my shoulders as I pop my gloss  
I smell like vacation, but I work like boss, yeah, a celebration  
I look right, I look left, I'm surrounded by the best

With my friends, I, I look around and I see all of them  
Everyone's so beautiful and confident, la-la-la-la-la-la  
I look right, I look left, I'm surrounded by the best

Ooh, love, you look too good, love  
They don't know what to do with you  
When you walk in the venue  
There's only one thing you can do  
What do we call it?

Spruce  
What do we call it?

What do we call it?

Spruce is like passion fruit and fashion mixed with paradise  
Outfit out here matching with my nails, so nice, la-la-la-la-la-la  
I look right, I look left, I'm surrounded by the best
