

Country Women

Tornádo Lue

These be two countrywoman
what a size!
Grand big arms
and round red faces
Big substantial
sit down places
Great big bossoms firm as cheese
bursting through their country jackets

Wide big lips
and sturdy knees,
hands outspread,
round and rousy
hands to hold
a country posy

Or a baby or a lamb - and such eyes!
stupid, shifty, small and sly
peeping through a slit of sty
squiting through their neighbours placket's.
