

Looking for the one to blame is tough  
Doesn't matter what you're talking about  
She's gonna keep calling your bluff  
We're not the only ones doing this, you see the buffalo  
Just another one in the road  
We laugh about it in his face  
Caught between the rock and the other place  
I know how this goes, it's always gonna be the boy who gives  
It's always gonna be the girl to please  
Did you get anything? I'll see

'Cause you love it all, 'cause you'll find a way to keep on

He doesn't seem to get the joke  
He's turning yellow as a yolk  
Someone took away his microphone  
Pushed him off the stage till he's on his own  
Can't feel a thing when he takes a shot  
Ends up taking three right to the eyes  
Cash in when the time is right  
Can't stop by if he ever stops  
Get down from there or fall  
Don't make us wait too long

'Cause you love it all, 'cause you'll find a way to keep on

'Cause you love it all, 'cause you'll find a way to keep on  
'Cause you love it all, 'cause you'll find a way to keep on
