

Drive Me

Torres

Drive me to the water
Drive me up the wall
Drive me by the collarbones
Drive me to stand tall
Drive me to do the things I never thought I'd do
Drive me to keep choosing to eat the fruit

Hands on ten and two
I know this much is true
There's so few like you
Sweeter than juice
Better than a muse
Burns slower than a fuse

Tall drink of water
Steer me in the direction of heaven
I can see that you've got needs
So lover, introduce me
We can do it your way
Just don't stop driving till we get there

To the water
Drive me up the wall
Drive me wherever you're headed
Drive me to walk tall

Hands on ten and two
I know this much is true
There's so few like you
Sweeter than juice
Better than a muse
Burns slower than a fuse
Wetter than a feedback loop

(There's so few like you)
(There's so few like you)
(Sweeter than juice)
