

Gracious Day

Torres

I don't want you goin' home anymore
I want you comin' home
I don't want you goin' home anymore
I want you comin' home

Once you cried, said love songs
Are not the songs that you inspire
But when I look far down to the end
It's you that I see by my side
And if you stayed to find out
I'd write you only love songs
I'd sing you only love songs
Like

Gracious day, you moved in
Like a wave of quiet grace
No surprise, honey I'm
Gonna love you all my life

I don't want you goin' home anymore
I want you comin' home
I don't want you goin' home anymore
I want you comin' home

Gracious day, you moved in
Like a wave of quiet grace
No surprise, honey I'm
Gonna love you all my life
Gracious day, you moved in
Like a wave of quiet grace
No surprise, honey I'm
Gonna love you all my life
