

## Jerk into joy

Torres

What an enormous room  
What an enormous room  
Look at all the dancing I can do  
Look at all the dancing I can do  
What an enormous room  
What an enormous room  
Look at all the dancing I can do  
Look at all the dancing I can do

Jerk into joy  
When the light goes out  
Jerk into joy  
When plans go south

I didn't sing today  
Because I didn't have a song in my heart  
It's our third spring in the house  
Our first without you  
If I could get out of my way  
Maybe I'd find a place to start  
When I can't pull the words from my mouth  
I've got to choose to

Jerk into joy  
When the light goes out  
Jerk into joy  
When plans go south

Left her in the driveway  
In the car you thought you'd left in park  
When it started to roll she jumped out  
And in a flash it was through  
I don't have a clue  
How somebody moves through that  
But if I can help to carry you  
We can try to

Jerk into joy  
When the light goes out  
Jerk into joy  
When plans go south  
Jerk into joy  
Can look a lot like rage  
Jerk into joy  
No time to leave the stage

What an enormous room  
What an enormous room  
Look at all the dancing I can do  
Look at all the dancing I can do  
What an enormous room  
What an enormous room  
Look at all the dancing I can do  
Look at all the dancing I can do  
What an enormous room  
What an enormous room  
Look at all the dancing I can do

Look at all the dancing I can do  
What an enormous room  
What an enormous room  
Look at all the dancing I can do  
Look at all the dancing I can do

Jerk into joy  
When the light goes out  
Jerk into joy  
When plans go south  
Jerk into joy  
Can feel a lot like dying  
Jerk into joy  
Not time to say goodbye
