

Lonely

Tors

Hey, how you been? It's been a while
Heard you moved from car to house, now you're living close to mine
So what ya say? Want to catch up?
Maybe talk about old days, and pretend like nothing's changed

Remember when we used to sit up on the roof?
Say the future's in the stars and that's the only truth
You always said, "one day we'll leave
And if we don't go together, promise me

When we're lonely
When we're lonely, yeah
Let's just call each other
'Cause I know you and you know me, yeah
And there ain't no pressure
To pretend that we are happy when we're really not
To say we're doing better when we're clearly not
So, when we're lonely
When we're lonely
Let's just call each other, alright?"

We get that drink, you're doing fine
You're happy to be home again, you missed this stupid town
When you were low, I was on your mind
Funny that you went so far with me always in your heart

We used to go out swimming late night, moonlight
We got so fucked up everything felt alright
Now, we're here again
The feeling takes me right back to how we said

"When we're lonely
When we're lonely, yeah
Let's just call each other
'Cause I know you and you know me, yeah
And there ain't no pressure
To pretend that we are happy when we're really not
To say we're doing better when we're clearly not
So, when we're lonely
When we're lonely
Let's just call each other, alright?"

Yeah, yeah-eh, yeah, yeah
Yeah, yeah-eh, yeah, yeah
Yeah, yeah-eh, yeah, yeah
Yeah, yeah-eh, yeah, yeah

Days get shorter
Time goes faster
As we get older
Now, I need you much closer

When we're lonely
When we're lonely, yeah
Let's just call each other
'Cause I know you and you know me, yeah
And there ain't no pressure

To pretend that we are happy when we're really not
To say we're doing better when we're clearly not
So, when we're lonely
When we're lonely
Let's just call each other, alright?

(Yeah, yeah-eh, yeah, yeah)
Let's just call each other, alright? (Yeah, yeah-eh, yeah, yeah)
(Yeah, yeah-eh, yeah, yeah)
Let's just call each other, alright? (Yeah, yeah-eh, yeah, yeah)
(Yeah, yeah-eh, yeah, yeah)
(Yeah, yeah-eh, yeah, yeah)
(Yeah, yeah-eh, yeah, yeah)
(Yeah, yeah-eh, yeah, yeah)
