

Defiled and Dead

Torture Killer

Blunt force trauma to the head
killing while they slept
one by one I took them down
savagely abused, no way to get out

buried down the basement
storage for the defiled and dead
destined for defilement

dead but not done yet
corpse is trembling as I have sex
orgasm beyond the grave
sickening smile upon my face

buried down the basement
storage for the defiled and dead
destined for defilement
destined for death

genocide head impalement

the defiled and the dead

genocide head impalement

dead but not done yet
corpse is trembling as I have sex
orgasm beyond the grave
sickening smile upon my face

buried down the basement
storage for the defiled and dead
destined for defilement
destined for death
