Grind down the rotten humanity  
Your laws are insane  
Burn down with envy and misery  
Bestial will be your fate  
Doomsday... stars fall from sky  
Decay of the race  
Grim days, I hear your dying cry  
The motherland's a shame

Tears and blood... war and death  
Take the glove... start to set  
Desolation... tragedy  
It's the fate... principle of the agony

Brutal fate!  
Putrid corpse!  
Extermination!  
Killing your lives!

Evil runs like a plague  
The ground is dead, forever and ever

Murderers searching for blood  
Diseases spreading the pain  
Crushin' your heads, your minds  
Causing agonies in your brain
