

Helping Hand

Tory Lanez

There's so many people in this open world
Doing things they don't understand
Just tryna find happiness
And touch the feeling with their hands
See all the kids are stuck on Instagram
And all our soldiers fighting wars for no reason
When you hurt nobody gives a damn
They pull out phones and start recordin' just to post it and delete it, I know, oh-oh
I won't be a hypocrite, I've been in your position and I've had my share of laughs before
But that don't mean that I'm not tryna grow

'Cause I can be a helping hand
If, all that I can give you is a helping hand, yeah, oh-oh
'Cause I can be a helping hand
If, all that I can give you is a helping hand, yeah, oh-oh

What examples are we setting for the kids?
I stopped and gotta ask myself that question
We show 'em things they don't understand
And all the lessons every one forgot to mention
I don't wanna be a hypocrite, I'm not the best of influences either
But me I'm just like you and we're just tryna grow
'Cause [?] growing, it's everyday people

'Cause I can be a helping hand
If, all that I can give you is a helping hand, yeah, oh-oh
'Cause I can be a helping hand
If, all that I can give you is a helping hand, yeah, oh-oh

Woah, woah, oh
Oh woah
